

As mathematicians, we will be predominantly focussing on fractions where we will find fractions of quantities to solve problems. And find the decimal and percentage equivalents. We will also be finding the perimeter and area of different shapes. The second half of the term will focus on shape properties and statistics. We will continue to focus on our arithmetic skills as well.

In English we will be studying and evaluating the book 'Rose Blanche.' We will be concentrating on a variety of different genres such as letter writing, diary writing, writing in role, newspaper articles and writing descriptions of characters and settings. We will be focussing our spellings on the Year 5 and 6 word list and continuing to build on our grammar and punctuation skills.

In French we will playing games and practising vocabulary linked to our focus 'The Weekend' and 'Clothes'.

In PE, look out for an exciting challenge from Mrs Johnson for you to complete whilst you are at home.

Year 6 Spring Term
Sandbags and Sirens

Please ensure your child logs onto Google Classroom daily to access their home learning.

In Wellbeing we will be looking at ways we can keep ourselves safe on-line and ways we can care for ourselves and the environment.

In Explore and Discover our history topic is Sandbags and Sirens. We will be exploring World War 2 and finding out how events such as the Blitz and The Battle of Britain prompted the evacuation of many children to the country. We will also discuss terms such allies and axis.

As computer scientists our topic will be 'We Are On-line Communicators' to link with Wellbeing. We will be looking at privacy and security as well as discussing the concerns they may have about social media.

In RE we will be studying Judaism,. We will be focussing on Moses and exploring different Jewish festivals such as Yom Kippur.

As artists we will look at the artist Henry Moore and explore how he used line and tone and form to reflect mood and texture. As designers we will be discussing how all our food is either grown, reared or caught and understand how the seasons may affect food availability. We will also plan, prepare and cook our own a healthy dish.
