

As mathematicians, we will

- Continue to practise our place value skills and apply these to problems.
- Continue to add and subtract two two-digit numbers and apply this to problem solving.
- To begin to answer more complex multiplication and division problems.
- To re-cap telling the time and begin to tell the time in 5 minute intervals.
- To find fractions of shapes and numbers.

As writers, we will

- Use a range of punctuation in our writing.
- Continue to use adjectives to create expanded noun phrases.

As readers, we will

- Read a range of different stories, for example: The Diary of a Killer Cat, Poems and The Magic Finger.
- Continue to improve our inference and prediction skills when reading a story.

Homework

- The children will be set weekly spellings and will complete either a comprehension, grammar or maths piece of homework once a week.

As scientists, we will

- Describe the properties of materials.
- Investigate which materials are suitable for different purposes.
- Compare materials.

As historians/geographers, we will

- Study The Great Fire of London and understand where and how it started.
- Begin to look at and compare the UK and Nepal.

Year 2 Spring Term

Crackle and Pop!

As computer scientists, we will

- Continue to improve our basic computer skills.
- Begin to become online communicators and research topics using key words.

In PE we will:

- Be learning gymnastics.

As musicians, we will

- Study rock and reggae music.

In wellbeing and RE we will

- Understand how we can keep ourselves and each other safe.
- Learn how to look after living things and the environment.
- Study the religion Islam.

As artists and designers, we will

- Look at line and tone of buildings and apply this to create our own London skyline piece of art work.
- Explore pattern and tone to create Hundertwasser style buildings.
