

As mathematicians, we will be solving problems involving volume. We also be learning how to solve problems involving ratio and proportion and recognising the difference between the two. The children will also be using BIDMAS and recognising which operation to use first. They will continue with their weekly basic skills lesson. The children will continue to use Times Table Rockstars to maintain their timetables knowledge.

As writers, we will continue to focus on different styles of writing such as description and playscripts linked to the books we are reading. We will be focussing our spellings on the Year 5 and 6 word list and continuing to build on our grammar and punctuation skills.

As readers, we will we will completing Goodnight Mr Tom and beginning the book Holes by Louis Sacher. In our 'VIPERS' lessons we will be continue to focus on comprehension skills .

Maths homework will be now set on Google classroom. English homework will be sent home on Thursday.

Year 6 Summer 1

Changing Times

As scientists, we will be learning about Mary Anning and Charles Darwin .

We will also be discussing the changes that happen throughout puberty and the reproductive process. The videos we will be showing to the children regarding this topic have been emailed out to you already. **Please**

As historians/geographers, we will be studying maps and how to use them. They will be locating continents, countries and major cities around the world as well as learning about their significance in the world.

As computer scientists, we will be learning about programming. The children will learn how to code using the program Python. This will enabling the children gain programming skills.

If you have any queries or issues, please do not hesitate to contact us via the class e-mail address
