

As mathematicians, we will be revisiting topics we have covered throughout the year. We will continue solving problems using algebra and BODMAS. We will continue with their weekly basic skills lesson too. The children will continue to use TTRockstars to maintain their timetables knowledge.

As writers, we will continue to focus on different styles of writing such as description and playscripts linked to the books we are reading. We will be focussing our spellings on the Year 5 and 6 word list and continuing to build on our grammar and punctuation skills.

As readers, we will be beginning the book Holes by Louis Sachar. We continue to focus on comprehension skills in our 'VIPERS' lessons.

Homework: Remember, English and Maths homework will be set weekly and we will be focussing on revising key topics.

## Year 6 Summer 1

### Changing Times

In PE we will be focussing on the sport of athletics. The children will be learning a variety of track and field skills.

As scientists, we will be studying evolution. We will be looking at how living things have changed over time and how fossils provide information about living things that inhabited the earth millions of years ago.

In wellbeing we will be looking at what it means to be healthy and how we can look after both our mental and physical health. In RE we will be looking at the journey of life. We will be looking at how different religions celebrate different events throughout life.

Dates for your Diary:

The week beginning 9th May is SATS week.

The year 6 production is Tuesday 11th July and Wednesday 12th July.

Leavers assembly is Thursday 20th July.

As computer scientists, we will be learning about programming. The children will learn how to code using the program Python. This will enable the children to gain programming skills.

If you have any queries or issues, please do not hesitate to contact us via the class email address
